

# How to fill in your SENNIES PROFILE

We require all of our Sennies to fill out a **SENNIES PROFILE** before we can put them forward for roles. In most cases, this is the only document that a family will request to see, therefore it must showcase all of your skills and a flavour of your personality to secure you an introduction with our families and organisations.

- 1** Please put in as much detail relating to your SPECIAL EDUCATIONAL NEEDS / DISABILITY experience as possible - [take a look at our example profile here](#)
- 2** The profile should be personal and detailed - highlighting your skills and any examples of when you have demonstrated these within your work
- 3** Please download the [SENNIES PROFILE template here](#)
- 4** Complete and save your SENNIES PROFILE, instructions on how to save can be found at the top of the profile form, and return to us via email

Please email [info@sennies.co.uk](mailto:info@sennies.co.uk) if you require further assistance

It is very important you return all of the necessary documents to us if you would like to engage in any future potential employment through SENNIES
