About the child/children: We are seeking a passionate, vibrant after-school Sennie to support a loving family of 6 in Hammersmith. G16 is a wonderful, energetic girl with a diagnosis of Global Developmental Delay. As her Sennie, you will play a crucial role in her after-school routine, helping her thrive and enjoy life to the fullest!

G16 loves being outdoors, and enjoys walking, bike rides and going to the local park. Alongside her love for nature, G16 has a deep appreciation for arts and crafts. Her family has plans for her to join an art class once a week, and they've arranged for the Sennie to accompany her. Notably swift on her feet, G16 tends to venture off spontaneously when she's eager to explore. This emphasises the importance of the Sennie being in good physical condition to keep pace. Additionally, G16 possesses a highly sociable nature, though she lacks a sense of danger awareness. Hence, it's crucial that the Sennie can match her pace during outings and adeptly handle her interactions with unfamiliar individuals.

Having a structured routine is key to helping G16 understand what comes next. The Sennie will help with her evening routine, which includes things like getting her snack after school, helping with homework, and going with her to clubs or activities. The Sennie will also plan fun and interesting things for G16 to do while dinner is being prepared, like drawing or doing crafts. G16 also likes doing things on her own, like setting the table for dinner and tidying up her room.

G16 has two older siblings who are away most of the time but visit frequently. G16's younger sister, G11, is usually present in the evenings after school. G11 likes being with her older sister and engaging in home activities, but she doesn't need supervision from the Sennie.
